Support to migrant parents in France

ALC is the coordinator of the French National Network for assisting and protecting trafficked persons: Ac.Sé Network.

20% of the persons in our shelters have children left-behind

The social inclusion and the life of migrant parents is affected by the presence of their children in their countries of origin

Support to migrant parents in France

A guide for parents: “Mon enfant est resté au pays”

It provides counselling to migrant parents already living and/or working in France and helps them to better keep in contact with their children and make separation less difficult.

Support to migrant parents in France

We have started our actions for the specific target of **migrants, victims of trafficking.**

We could now disseminate the results of our project to **other migrants** living and working in France especially vulnerable ones.

We are planning to develop the concept of the leaflet for parents in order to adapt its content to other cultures, to translate it in other languages, for **migrants coming from other countries of origin.**
